Teaching Faculty Position at the rank of Clinical Assistant Professor in the Department of Epidemiology at the Boston University School of Public Health

Boston University School of Public Health invites applications for the teaching faculty position at the rank of Clinical Assistant Professor in the Department of Epidemiology. Qualified candidates will demonstrate successful teaching experience. Candidates must hold a doctoral degree in Epidemiology or equivalent training. Full-time applicants will be expected to teach a minimum of four epidemiology courses per year (including courses at the introductory and intermediate level), provide academic advising for students enrolled in the MPH program, and participate in school-wide committees. Qualified applicants who are interested in a part-time teaching position (50-75% FTE) will also be considered. The position will be a renewable 12 month appointment.

The Department of Epidemiology has 21 full-time and 9 part-time faculty members and teaching programs leading to MPH, MSc, and PhD degrees in Epidemiology. Currently, the Department teaches 35 courses annually and serves over 250 students in its programs.

Interested candidates should submit application materials electronically to Dr. Ann Aschengrau (aaschen@bu.edu) or via postal mail at the address below. To apply, please provide:

- Curriculum Vitae
- Teaching Statement

Dr. Ann Aschengrau
Boston University
School of Public Health
Department of Epidemiology
715 Albany Street, Talbot 328E
Boston, Massachusetts 02118

Review of applications will begin immediately. Salaries will be commensurate with qualifications and experience. Applications will be accepted until the position is filled. Inquiries regarding this position can be directed to Dr. Ann Aschengrau (aaschen@bu.edu).

Boston University is an affirmative action / equal opportunity employer. Women and minorities are encouraged to apply.
