

The **Massachusetts Public Health Association**, the Legislature's **Prevention for Health Caucus**, and the **Prevention Trust Coalition**, together with Senators **Jason Lewis, Harriette Chandler & James Welch**, and Representatives **Aaron Vega, Tackey Chan, & Kate Hogan** invite you:

Prevention & Wellness Trust Fund Campaign Kick-Off and Advocacy Day

Wednesday, March 1, 2017
2:00-3:00pm
State House, Room 428

The Prevention & Wellness Trust Fund (PWTF) has increased access to preventive services for nearly one million people across every region of the Commonwealth. PWTF invests in evidence-based community interventions that keep residents healthy and safe and is helping to transform the linkages between clinical care and community-based services. The first program of its kind in the country, PWTF has been recognized as a national model. Funding for PWTF will sunset in June 2017 without action from the Legislature.

Join us before the event to build your advocacy skills and educate your legislators about the importance of the Prevention Trust:

11:30-12:30pm: Lunch and Advocacy Training (RSVP required)

12:30-2:00: Visit Your Legislators
